372 TRS Det 25 Field Training

**Det Chief:
MSgt James Sarosi**

**Supporting the
354th Fighter Wing**

**Eielson AFB
Alaska**

Welcome

Welcome to the 372d Training Squadron, Detachment 25, at Eielson AFB, Alaska. We work hard to ensure personnel, resources, equipment, and curriculum are available to train the world's most dependable and finest aircraft maintainers. We do this everyday, and we do it well! With today's high OPS tempo, our graduated warriors are essential in meeting time-on-target goals. If we don't do our job right, your aircraft won't fly—we strive to do it right...Everytime!

MSgt James Sarosi
Detachment Chief

- Fan Blade Blending	2A6X1 F50A	1
F-16 - Avionics Part-time		
- Comm/Nav/Pen Aids	2A3X2CA26A	18

What We Do

Det 25 directly supports the 354 FW by providing aircraft maintenance related training across 3 different career fields. We also offer a variety of training sessions, troubleshooting expertise, and technical advice upon request.

How Well We Do It

Each fiscal year, we enhance the wings maintenance efforts by providing personnel with over 2,000 formal teaching hours and graduating over 200 students.

When the wing calls for training that doesn't quite fit the formal course, "We're there!" Last year, we've responded with over 1,000 hours of tailor made training sessions.
