

FRIENDS AND FAMILY GUIDANCE

17 May 21

Stop the Spread – Remain Fully Mission Capable

What: Guidance for Friends and Family Visiting Eielson AFB

Who: Friends and Family traveling from locations outside of Alaska

GENERAL GUIDANCE:

- As vaccination rates increase, more Airmen are traveling friends and family to visit Eielson AFB. The following are reminders to facilitate visiting friends and family.
- State restrictions are subject to change! Friends and family traveling from locations outside of Alaska must follow Alaska state travel restrictions. For example, fully vaccinated travelers from outside of Alaska are not currently required to take a COVID-19 test or enter a restriction of movement upon arrival in Alaska. However, non-fully vaccinated travelers may receive a COVID-19 test upon arrival with social distancing recommended until results are received. For the latest restrictions, visit: <https://covid19.alaska.gov/travelers/>.
- All visitors must comply with Eielson AFB's COVID-19 mitigation measures and Alaska state restrictions.
- Non-fully vaccinated members should wear masks and practice social distancing in their residence around non-fully vaccinated visitors have completed any applicable ROM under states guidelines.
- Visitor passes no longer require unit commander approval.
- Visitor passes can be obtained at the Eielson Visitor Center. Visitors may contact the Eielson Visitor Center at (907) 377-3807.
- Non-fully vaccinated visitors may complete travel restriction of movement (ROM) in on-base residences. However, compliance with current COVID-19 mitigation measures is critical to successfully preventing the spread of COVID-19.
- Non-fully vaccinated visitors should consider the following when deciding whether to ROM in on-base residences:
 - Number of visitors
 - Plan for maintaining social distancing during ROM upon arrival
 - Exposure risk
 - Ability to maintain social distancing in work areas during visitor's ROM
 - COVID-19 situation at local and visitor's location

If visitors experience any COVID-19 symptoms, household members must immediately take precautionary measures and notify 354 MDG and their chain of command.

If you develop any COVID-19 symptoms (fever, cough, loss of taste or smell, or other flu-like symptoms), DO NOT GO TO WORK. Isolate yourself from others, inform your chain of command, and contact the 354 MDG at (907) 377-1847.

NOTE: For all emergency situations call 911
