

# EIELSON AIR FORCE BASE

## CURRENT COVID-19 PROTOCOLS

### Health Protection Condition **CHARLIE**

The 354 FW/CC directs the following:

- Mission-essential reporting: Unit commanders will identify mission-essential personnel.
- Strict hygiene (no handshaking, wipe common use items, etc.) and disciplined social distancing: Remain 6 feet away from others or self-isolate.
- Avoid gathering in groups of more than 10 people without strict mitigations.
- Quarantine Policy: If you have had close contact with a COVID-19 positive individual or are returning from outside the state of Alaska on or after March 2, 2020 and wish to enter the installation, DoD military members are directed to self-isolate for 14 days starting the date of return to Alaska; all others are highly encouraged to do the same and may be restricted from on-base facilities if found not in compliance.
