

Eielson AFB

Environmental Vision

The Eielson AFB Iceman Team is committed to environmental excellence and stewardship while successfully completing our mission in order to protect and conserve human health, natural and cultural resources, and the environment.

Improve: Eielson AFB Iceman Team will continually improve our programs, processes, and systems to advance our environmental stewardship via regular performance evaluation.

Comply: Eielson AFB Iceman Team will diligently comply with applicable environmental regulations and research best practices to minimize non-compliance liability and costs.

Eliminate: Eielson AFB Iceman Team will strive to eliminate mission reliance on hazardous materials by finding and adopting use of effective environmental friendly alternatives.
