

# Eielson AFB

## Environmental Vision

*The Eielson AFB Iceman Team is committed to environmental excellence and stewardship while successfully completing our mission in order to protect and conserve human health, natural and cultural resources, and the environment.*

**Improve:** We will continually improve our programs, processes, and systems to advance our environmental stewardship via regular performance evaluation.

**Comply:** We will diligently comply with applicable environmental regulations and research best practices to minimize non-compliance liability and costs.

**Eliminate:** We will strive to eliminate mission reliance on hazardous materials by finding and adopting use of effective environmental friendly alternatives.
