

ORVs (Snow Machine & ATV) on EAFB

Snow Machine

On-base snow machine riders are required to accomplish training.

- Complete AF Form 4391, High-Risk Activities worksheet and interview.
 - Document the briefing, signed by the Sq CC or whomever the CC delegates.
- Read all chapters and take the test on <https://www.saferiderssafetyawareness.org/>.
- Maintain an AF Form 483, *Competency Card* while riding.
 - Obtain through Unit Safety Rep.

ATV Training

On-base ATV riders are required to accomplish training, which is provided on-base for active duty and their families **free of charge**.

When operating any ORVs, ensure you are only riding in authorized areas outlined in Eielson AFB Instruction AFI 32-7002, USE AND CONTROL OF OFF-ROAD VEHICLES.

NOTE: Off-base snow machine/ATV riders are **encouraged** to accomplish training.

Motorcycle Training

Dirt Bike

Personnel riding dirt bikes on-base are required to accomplish and document dirt bike training.

NOTE: Off-base dirt bike riders are **encouraged** to accomplish training.

On-road Motorcycle

Motorcycle training is provided on-base for military members. Sign-up for classes at <http://freedomroad.bike/>

Ensure training and briefings are documented in MUSTT.

Always wear ALL required PPE and ride within your capabilities!

No Gear Full Gear

MOTORCYCLE OPERATOR SAFETY EDUCATION PROGRAM

Motorcycle Training (cont.)

AFI 91-207, Table 4.1. Motorcycle Operator Training.

INITIAL TRAINING	INTERMEDIATE TRAINING	REFRESHER TRAINING
Time Frame		
Provide initial training within 30 duty days.	Provide within 60 days of requests for training, but in no case more than 1 year after completing initial training.	Complete at least every 5 years.
Training Curriculum		
Meet Motorcycle Safety Foundation® (MSF) Basic RiderCourse (BRC) or State-approved course in lieu of DoD initial training. Approved Host Nation-equivalent courses.	Meet or exceed requirements for initial training. MSF BRC-2, Military SportBike RiderCourse (MSRC), Advanced RiderCourse (ARC), Air Mobility Command (AMC) Sport Bike, or DoD Component defined training. Sport bike operators shall attend the MSRC, ARC, AMC Sport Bike, BRCu-2 or a DoD Component defined training (sport bike focused) to satisfy intermediate training requirements..	Meet or exceed requirements for intermediate training. DoD Component defined training. Installation or unit organized rides, IAW Attachment 4. Sport bike operators may attend any approved refresher training. A sport bike focused refresher course is highly recommended.

Outdoor Safety

Personnel Locator Beacon (PLB)

Going on a hike, ATV ride, or participating in any other activities that may take you to a secluded area without cell service?

The Wing Safety Office offers PLBs free of charge. 10 available on a first come, first serve basis.

It could be the tool that saves your life!

Wildlife

Don't approach or feed wildlife!

Be extra vigilant on the roads for bears, moose, and deer.

DON'T HIT ME!!

Traffic Safety

Drivers

In AK, between September and May, you will experience extended periods of darkness with snow on the roads.

Do your part to keep the roads safe by:

- Reducing speeds based on weather.
- Accelerating and decelerating slowly.
- Leaving plenty of room to stop.
- Keeping headlights on during inclement weather.
- Clearing all ice, snow, and dirt from your vehicle.
- Being vigilant of wildlife, pedestrians, & other vehicles.

Pedestrians

Do your part to keep yourself safe by:

- Wearing appropriate footwear for the conditions.
- Anticipating hazards as you walk.
- Taking short steps on slippery surfaces.
- Wearing bright colors or reflective clothing.
- Keeping your center of gravity over your front leg.
